RE: Invitation to donate to the 2016 Stroke Awareness Picnic

Dear Orange County Business Owner:

I'm writing to invite you to make a donation for a picnic that targets stroke survivors and their families.

Dr. Steven Cramer's Laboratory and the Orange County Stroke Rehabilitation Network (OCSRN), provide a forum for learning, discussion, and interaction with colleagues—all revolving around stroke rehabilitation. The group consists of persons who play a role in stroke rehabilitation coming together to educate, share, discuss, and collaborate.

We are currently planning our eighth annual "Stroke Awareness Picnic," to take place on Saturday, May 13, 2017 ("Stroke Awareness Month") at UC Irvine, on the main campus, in Irvine, from 11am–2pm. This event will provide a chance for discussion, interaction, and a pleasant picnic, all-revolving around stroke. All persons involved with stroke are invited: persons with stroke, their friends and caregivers and families, therapists, nurses, physicians, researchers, and providers of stroke related services. Attendance at last year's picnic was >200 persons. To learn more about the event, visit www.ocsrn.com

You are invited to use this picnic as an opportunity to make a donation to benefit stroke survivors and the stroke community. If you wish to do so, please email us at stroke@uci.edu (with email-subject "Donation for Stroke Picnic"). We will acknowledge your donation at the picnic. If you would like to donate, please send a check (addressed to UC Regents) to the above location. We have attached a flyer for the event. The University of California is a tax exempt 501 (c) (3) entity; the tax identification number is 95-2226406.

Thank you for your consideration of our request, and we look forward to hearing from you in the near future. Also, please share this flyer with anyone interested. Hope to see you there!

Sincerely,

Steve Cramer, MD
